Brahmin is a breed legacy. Produced from decades old frozen semen, he is the last son of the great Ch Blackslate Boston Brahmin ROM. His unique and tightly bred pedigree makes him both a half brother as well as a great grandson to the Ch Ladybug IM Angelica Rose. Brahm won his first specialty at 14 months old and at 17 months was the youngest Bullmastiff to ever win an AKC all breed Best in Show. He was a highly successful show dog, until his early retirement following Jack's death.

He is a medium height dark fawn dog with great bone, a wonderful head and more than ample pigment. He measures 26 inches tall by wicket and normally weighs between 128 and 132 lbs. His bite is only slightly undershot. He is well angulated front and rear, and has very strong topline. His temperament is the embodiment of the standard: fearless, confident, docile, reliable, intelligent and willing to please. He has always exhibited an unusual tolerance of other dogs and a particular fondness for children. Not just a beautiful Bullmastiff but also a good dog.
